

# Flanged Repair Liner

# **BRITPART**

The quality parts for Land Rovers

## INFORMATION

Part Number - DA1185

This liner is suitable for damaged / porous 4.0 / 4.2 / 4.6 Rover V8 Blocks.  
The block will require reboring and flange recess machining before fitting.  
This liner is the complete solution for fixing these blocks.

Semi Finished bore 94.00mm  
(Less 1.00mm for final finishing in bore)

Fitting of these liners should only be attempted by a workshop with experience of fitting liners to cylinder blocks.

Liners must be clamped down to prevent them shifting as cylinder block cools when fitting.

#### Disclaimer

These fitting instructions are intended for general guidance only. No responsibility will be accepted for damage to persons, property, equipment or vehicles caused during or arising from the fitment or using of this product. Fitting this item to your vehicle may constitute a vehicle modification and therefore we strongly recommend that you check the product complies with local laws and legislation and always inform the vehicle's insurance company accordingly.
